

Name: Youssef A. Beltagy

Title: Professor of Pharmaceutical Chemistry

Telephone: 035766050 - 0122416333

Email: youssef.beltagy@pua.edu.eg

Bachelor:	Year: 1962 Faculty of Pharmacy - Alexandria University - Egypt
Master:	Year: 1965 Faculty of Pharmacy - Alexandria University - Egypt
Ph.D.:	Year: 1968 Faculty of Pharmacy - Alexandria University - Egypt
Research Interest:	Analysis of Drugs or chemicals either single or in mixtures in collected samples, dosage forms and biological fluids using conventional and derivative spectrophotometry, thin layer chromatography, GC and HPLC.
Principal Publications:	<p>The list of total publications includes 56 articles among which are the following:</p> <ol style="list-style-type: none">1. A rapid first derivative spectrophotometric analysis of cephalexin and cephradine in human urine. <i>Journal of Clinical Pharmacy & Therapeutics</i>, 17, 91 (1992).2. The use of 2,6-dichloroquinone chlorimide for the colorimetric determination of some antibiotics. <i>Bull. Fac. Pharm. Cairo Univ.</i>, 36(1), 67 (1998).3. Spectrophotometric determination of Cefprozil in Pharmaceutical Dosage forms, in urine and in presence of its alkaline induced degradation products. <i>Anal. Letters</i>, 34(10), 1639 (2001).
