Assignment

PHR 171 Cell Biology

Final Practical Exam

For All students, please find the Final practical exam student distribution. Each student should find his assigned date, time and place for the exam, knowing that, all groups will be examined on Wednesday 21/12/2016:

The exam will be out of 15 Marks and will last for 30 minutes. It will cover all the information in your practical notes.

- You will be asked to identify spots or slides from all the images in your notes and answer some questions regarding them (As mentioned in the revision).
- The exam will also contain 1 or 2 problems to be answered using any of the Mathematical equations mentioned in your lab notes. (Therefore, you may need to bring your calculator).

N.B. It is very important that each student stick to the announced time and place for his exam, no exchanges or excuses will be accepted.

For any inquiries, go to TA. Dina Saleh, office D637.

Good Luck
