Announcement
Biochemistry I PHR 374
Pharmacology & Toxicology department

Regarding **URINE ANALYSIS EXAM:**

The exam includes **TWO PARTS:**

1- **Physical examination:** you’ll write the 7 points
   For: a- Volume
   b- Specific gravity
   c- Reaction to litmus paper
   You’ll write the normal condition

   For the rest of the points:
   You’ll write them according to your own sample

2- **Chemical examination:**

   The 4 tests will be done and you will fill the table:
   1- **Observation:** what you see (NOT NEGAIVE OR POSITIVE)
   2- **Result:** present or absent
   The **comment:** diseases the patient suffer from

Good Luck 😊
