## **SDG5 Gender equality**

Pharos university believes in what came in the statements of the UN, that providing women and girls with equal access to education, health care, decent work, will fuel sustainable economies and benefit societies and humanity at large. Therefore, The university was keen to monitor the number of female students each year, staff members and their assistances, in order to keep pace with the international standaRNDS.

Since the foundation of Pharos University, there has been an attention given to the gender equality of students. The Tables in the appendices below show the ratios of male and female students as well as staff members in pharos university since its start in 20016 till 2018. . The ratios shows a fair distribution between make and females in all cases.
