---

- 1- **Master Thesis** : “ **Serum Hormone Levels of Oestrogen and Cortisol Before and During Treatment with Tamoxifen in Post-Menopausal Breast Cancer Patients.** ”  
*Radio-immunoassay and tumor imaging studies.*
- 2- **M.D. Thesis**: “**The Value of Radionuclide Diuretic Renogram in Diagnosis and Predicting the Prognosis of Obstructive Uropathy.**” *Advanced Nuclear Medicine Studies.*

## **THESIS SUPERVISION:**

---

### **A – MASTER THESIS:**

- 1 - **MASTER THESIS** of *Dr. Raef Seif Eldin* in partial fulfillment of the requirements of degree of Master Degree in Radiotherapy: “**Normal tissue tolerance to re-irradiation in recurrent breast cancer patients**”
- 2 - **MASTER THESIS** of *Dr. Basma Anees Attia* in partial fulfillment of the requirements of degree of Master Degree in General Medicine:  
“**Mesenteric blood flow and gastric motility in diabetic patients with or without autonomic neuropathy**”
- 3 - **MASTER THESIS** of *Dr. Fawzi Mohamed Amin Ghanem* in partial fulfillment of the requirements of Master Degree in Radiotherapy:  
“**Clinical and biological study of local recurrence and distant metastases of well differentiated thyroid carcinoma**”
- 4 - **MASTER THESIS** of *Dr. Yousri Mohamed Saleh Hassan* in partial fulfillment of the requirements of Master Degree in General Surgery:  
“**Medullary thyroid carcinoma: Retrospective and prospective study**”
- 5 - **MASTER THESIS** of *Dr. Mohamed Ali Ashour* in partial fulfillment of the requirements of Master Degree in Pediatrics:  
“**Pulmonary embolism and renal vein thrombosis in children with nephritic syndrome.**”
- 6 - **MASTER THESIS** of *Dr. Hala Mahmoud Abd Ellatif* in partial fulfillment of the requirements of Master Degree in Radiotherapy:

**“Combination chemotherapy in locally advanced and recurrent urinary bladder carcinoma: A comparative study between two treatment regimens.”**

**7- MASTER THESIS** of *Dr. Rabab Mohammed Fathi Anwar* in partial fulfillment of the requirements of Master Degree in Clinical Oncology and Nuclear Medicine:  
**“Analysis of clinico-pathological data and treatment outcome in well differentiated thyroid cancer patients: a ten years experience of alexandria clinical oncology and nuclear medicine department”**

**8- MASTER THESIS** of *Dr. Mai Mohammad Elsayed Abdalnabi* in partial fulfillment of the requirements of Master Degree in Clinical Oncology and Nuclear Medicine:  
**Retrospective study on clinico-pathological data and treatment outcome in prostate cancer patients: a ten years experience of alexandria clinical oncology department**

## **B – MD THESIS:**

**1 – MD THESIS** of *Dr. Tarek Atef Tawfik* in partial fulfillment of the requirements of Doctor Degree in Anesthesia:

**“Blood coagulation in patients liable to deep vein thrombosis after major surgery and its prevention by low dose heparin.”**

**2 –MD THESIS** of *Dr. Mohamed Moossan Hassan* in partial fulfillment of the requirements of Doctor Degree in Radiotherapy:

**“Role of high dose chemotherapy and bone salvage technique in improving results in the management of osteosarcoma: Clinico-pathological approach with retrospective study.”**

**3 – MD THESIS** of *Dr. Adel Badr Eldin Ismail* in partial fulfillment of the requirements of Doctor Degree in Anesthesia:

**“Comparative study of the effect of percutaneous injection of ethanol and hot saline therapy in autonomous thyroid nodule”**

**4 – MD THESIS** of *Dr. Abeer Mohamed Ramadan Motawe* in partial fulfillment of the requirements of Doctor Degree in Pediatrics:

**“A prospective radiological and scintigraphic study of acute pyelonephritis in children under the age of five years”**

**5 – MD THESIS** of *Dr. Mohamed Abdel Hamid Neina* in partial fulfillment of the requirements of Doctor Degree in Critical Care:

**“Diagnostic and prognostic evaluation of acute chest pain on nuclear medicine basis.”**
