

INSPIRE · IMAGINE · CREATE

“Creativity is inventing, experimenting, growing, taking risks, breaking rules, making mistakes, and having fun.” — Mary Lou Cook

PUA Creativity Club

Our aim is to provide a platform for students to display their creative side in various fields, to pursue their passion, and develop out-of-the-box thinking.

The Creativity club is a new club at PUA English Language Centre. It welcomes graphic designers, writers, photographers, illustrators, musicians, composers, and actors, who have special talents, and would like to translate their ideas into beautiful designs, and allow others to enjoy art. Students will be given an opportunity to display their creations in an exhibition where everyone can appreciate their work and then buy for charity work. All money coming in will be donated for a good cause.

Let's know if you are interested. Contact us
