

## Health Survey for primary school students

### Participated Students:

- 1- Ahmed Hesham Mohamed
- 2- Ahmed Maher Osman
- 3- Mostafa Elmeaadawy
- 4- Ayten Aymen
- 5- Yomna Elhlbawy

### Project Summary:

- The goal of the project is to visit two primary governmental schools for health and nutrition assessment to evaluate their health status and provide them with the principals of health education.
- Also to find the students who need more investigations to refer them to our specialized departments (laboratory, radiation, dental, physiotherapy ...etc)
- The critical cases who need more care and help will be referred to Mohamed Ragab association to complete their treatment.

### Team work

The team work include the following members

- Prof. dr/ Ossama Abdel Hamid consultant internist and cardiologist.
- Prof. dr/ Mervat Salah Eldin Deraz prof of public health and nutrition, head of nutrition dept.
- Dr. Doha Magdy Asst.L. of nutrition.
- Dr. Mohamed Gamal Asst.L. of dentist.
- Dr. Mohamed Elkomy Asst.L. of ICU.

-All the collected data will be statistically analyzed and the results will be presented in the community service conference of the university.
