#### Ruling values

The success of the Faculty's Strategic Plan requires the determination of a set of ruling values that represent the basic premise of the behaviors, which in turn are considered the solid foundation of all interactions. Therefore, ruling values have been adopted to ensure a successful implementation of the strategic plan and an achievement of the desired goals.

These include:

- Internationalization
- Team work and team spirit
- Partnership
- Diversity
- Creativity and innovation
- Integrity
- Quality and excellence
- Loyalty and institutional commitments
- Professionalism
- Social responsibility
