

Pharos University

Faculty of Dentistry

**Faculty of Dentistry, Pharos University in
Alexandria**

Strategic objectives of the Unit

- **To guarantee that the terms and requirements of the National Authority for Quality Assurance are fulfilled and to prepare the faculty to be qualified and eligible for accreditation.**
- **To build and improve the institutional and human capacities of the faculty and to qualify it for excellence through specialized training programs in order to raise the efficiency of individuals.**

- **To spread the culture of quality and evaluate the performance at all levels (staff and assistant staff members - students - administrators - workers) in order to guarantee the quality and the continuous development.**
- **To establish an integrated internal audit system for a continuous development and improvement.**
- **To establish databases and a documentation of all information and activities that take place within the faculty.**
- **To connect the faculty quality unit to the university quality center in order to take maximum benefit from the experiences and consultations provided by the university quality center.**
- **To be acquainted with the expectations, requirements and satisfaction level of the faculty beneficiaries (either internal or external) and to report this information to all concerned units.**
- **To activate the student participation in applying the quality assurance standards.**
