

V. Employees

Finally, the gender distribution of the employees in the university is presented in Table 6 below. This Table shows that Male employees are about double the female employees. The main reason for this disparity is the position of male employees in the security section of the university. They constitute 138 male employee out of a total count of 142.

Table 6. The total count of Employees classified as Females and Males and associated Ratio

Position count	Females	Males	Total	Ratio (Males: females)
Total Administrational positions	267	597	864	1: 0.45
Specialized Lab. Technicians	81	43	124	1: 1.89
Outpatient clinic	46	12	58	1: 3.83
Total	394	652	1046	1: 0.60
