- In cooperation with Eva Pharma company, The faculty of Pharmacy organized a campaign on healthy nutrition. Within this event, a side activity was held to measure the percent of body fats and the body water content using “Inbody “ devices. . A lecture was delivered to raise the awareness of students on heathy food and nutritional healthy. trends
- On 8 march 2019, the faculty of Pharmacy organized a to the local community in EZBET Al Fetaa on general health conditions campaign. The campaign included measuring the blood sugar level, body fats and how to avoid hypertension. The campaign included also awareness about cancer and potential occurrence.
- The Faculty of Pharmacy held its biannual Conference on Pharmacology in the spring semester of the academic year 2019-2020. The conference was carried out under the auspices of the president of the university, and is supported by several pharmaceutical companies and AUF agency of France. The conference was attended by about 300 expert and researcher, where 102 scientific papers were presented, and published in the conference booklet after being reviewed. International attendees were from France, Finland, Sweden, and Canada. Selected scientific presentations in the conference included:
  - Nutrition in Clinical Practice
  - The Road from Pharmaceutical Sciences to Patient
  - Care Approach

2<sup>nd</sup> PUA International Conference  
**“Multidisciplinary Approaches in Pharmaceutical Sciences”**  
 Faculty of Pharmacy & Drug Manufacturing  
 Pharos University in Alexandria, Alexandria, Egypt

**ICMAPS 2020**  
 11<sup>th</sup> - 12<sup>th</sup> March

*Under the patronage of*  
 Eng. Alaa Ragab  
 Chairman of PUA Board of Trustees  
 Prof. Mahmoud Mohy Eldin  
 President of Pharos University  
 Prof. Maged El-Ghazouly  
 Dean of Faculty of Pharmacy & Drug Manufacturing  
 Conference Chairman  
 Prof. Soad Toaima  
 Vice Dean for Graduate Studies & Research  
 Conference Secretary General

- Vaccine Nanotechnology; Frontiers and Challenges
- Antibiotic Resistance: A Global Crisis That Requires Out of- The-Box Solutions
- Advanced Therapeutic Approaches in Managing Diabetic Foot Ulcer
- Burden of Helicobacter pylori Infections and Associated Risk Factors among Cases of Iron Deficiency Anemia in Egypt
- Public Knowledge and Attitudes Towards Antibiotic Usage: A Cross-Sectional Study Among the General Public in Alexandria
- Cross Sectional Study: General Features of Food Allergy in Alexandria
- The Impact of Rising Drug Prices in Egypt
- The Future of Pharma from Evolution to Revolution.
- Documenting Mistakes in Governmental Hospital Pharmacies in Alexandria, Egypt

- Students of Medical Equipment Maintenance Department (Faculty of Applied Health Sciences Technology) have won the third place in the “Pandemic TechHack – Egypt 2020” Competition out of 40 participating ideas which was held on Tuesday, 15 April 2020. The competition is a part of “The Egyptian Virtual Hackathon Against Coronavirus” which is a national initiative to unite efforts and resources using technology and science to: Confront the epidemic.

Help reduce the spread of the virus in Egypt.

Find the technological solutions necessary for dealing with the resulting risks in the case of virus outbreak.

It is worth mentioning that this competition is one of the innovation and entrepreneurship competitions which are managed under the supervision of the Academy of Scientific

Research and Technology, the U.S Embassy, the Egyptian Ministry of Health and Population and the American University in Cairo.

The participating students developed a Smart Coronavirus Mask “SCM” using a 3D design program. The SCM is for protection and early detection of COVID-19 and also sending the results to a mobile application that can automatically display and update the health status of the mask user.
