

Pharos University in Alexandria

## Strategy of the Ministry of Higher Education (Text translated from the website)

The Ministry of Higher Education and Research has formulated its strategy to cope sustainably with EGYPT 2030 Development Plan. It is available in Arabic in: [http://portal.mohe.gov.eg/ar-eg/Documents/Strategy\\_mohe.gov.eg.pdf](http://portal.mohe.gov.eg/ar-eg/Documents/Strategy_mohe.gov.eg.pdf)

The strategy of the Ministry of Higher Education and Research is basically summarized in improving 5 main aspects

- Education
- Scientific research and Innovation
- Capacity building
- Community Services
- Health

Under the aspect of Scientific research and Innovation the following items are included:

1. Accessibility: education is accessible for all with no discrimination
2. Quality: Improvement of a quality education system to be consistent and coping with international quality systems
3. Competitiveness: Improvement of systems and outcomes of universities education of the competitiveness (ranking)
4. Internationalization: Formulation of MOUs with international universities with the purpose of launching branches of these universities in Egypt, And establishment of joint research and educational programs.
5. Community services: Improvement of community services in the field of health (university hospitals), Medical cohorts, cooperation with NGOs, and awareness activities to alleviate illiteracy and combat corruption
