

Summer Training 2021

Hospital Training Payment

The hospital training payment method is changed now. Students have to pay on Pharos campus. (You cannot pay online or CIB branches outside PUA.)

You should go to the Treasury Office located on the ground floor in the Faculty of Engineering building to take your voucher and then pay in CIB bank located on campus.

The deadline for payment is July 18 before Eid holidays.

Note that students who do not pay before the deadline will not be allowed to pay after Eid because the checks have to be prepared and sent to the training hospitals before starting the training on August 1.
