
Pharmacology II (PHR 481)
Practical sessions
Summer semester 2020-2021

The practical sessions were cancelled on previous week (**Wednesday 28-7-2021**) due to the limited attendance (one student only).

The **start of practical sessions** will be this week on **Wednesday (4-8-2021)** in the **5th floor computer lab (C532)** from 8:30 am till 11:00 am and from 1:30 pm till 4:00 pm. Kindly note that the two sessions are on the same day and different from each other (different topics).

Note: The first four practical sessions are included in our first practical exam on week 4.

Each student should bring **his/her lab note** with him/her during the practical sessions. Kindly take care that the sheets are **included** in lab notes (the **last pages** in the lab notes).

The two practical sessions for this week (included **the sheets**) are now available as a printed copy in the copy center.

Don't forget your **FACE MASK** and your **LAB COAT**.

Thank you
