

## ELC Spring 2022 Student Rules and Regulations

Dear ELC students,

**It is important that you read the following rules and regulations carefully.**

### **Sessions**

- Your classes run **twice a week**. You are obliged to attend both even though one is face to face and the other is online. Attendance is taken on both sessions.
- As mentioned above, one of your sessions is face to face (on campus - in one of the ELC classes) and the other is online (on Blackboard).
- If you are registered in group A, then session one is face to face and session two is on Blackboard.
- If you are registered in group B, then session one is on Blackboard and session two is face to face.

### **Blackboard classes**

You are enrolled on TWO different English language classes on Blackboard:

#### **1- Collective Group:**

In this class, you will attend the recorded session and you will have an exercise after each recording. Attendance is calculated on both watching the video and answering the questions in due time. If you fail to do either, you will be counted absent. Make sure you answer all questions with the time frame given to you. Answering at later time means you are counted absent.

## **2- Your Group Code Class:**

In this class, you will find your writing assignments. Please make sure you submit them before the deadline; otherwise they will not be corrected, and you will also be counted absent. Attendance for the online classes are counted on both types of tasks: the one you answer in the collective class and the other in the group code class.

You can reach out to your teacher if you have any questions, but make sure to ask respectfully, and give the teacher enough time to answer.

If you have any questions related to registration or attendance, send an email to
