

Pharmacology II (PLD 303,PL310, PHR 481)
Chart exam and Scheme exam next Monday 21/3/2022

Chart exam and Scheme exam will be held next week (week 5) Monday 21/3/2022.

You will need to study the following sections and their sheets for chart exam:

1. "Effect of Some Drugs on the Cardiac Muscle (1)"
2. "Effect of Some Drugs on the Cardiac Muscle (2)"
3. "Drugs Affecting Blood Pressure"
4. All sections sheets (you can find all sections sheets model answers uploaded here on Blackboard and on copy center)

You will need to study and memorize the steps of the scheme for scheme exam as you are not allowed to enter with any paper during the exam. note that you will be given the doses of the drugs so you don't need to memorize any doses for scheme exam. You can find scheme steps in "Effect of Some Drugs on the Cardiac Muscle (2)" section under title "Identification of Unknown Myocardial Depressant or Stimulant Drug")

GOOD LUCK
